

simplePack on steroids

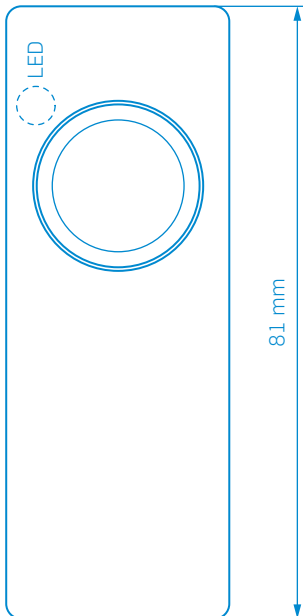

simplePack Plus

SimplePack Plus is a universal, multi-sensor, small form factor, IP68 device lasting 10 years on a battery

- + Simple + Small + Cheap + Waterproof
- + Long-lasting + Reliable + Cool

Longer by 16 mm than SimplePack accommodating larger battery

IT CONTAINS:

- Multiple number of sensors applicable for a variety of use cases
- Clicking button with haptic feedback
- LED diode
- Sigfox modem
- Antenna
- Non replaceable, non rechargeable, long lasting battery

simplePack Plus versions	Sensors
simplePack Plus 3.0 Basic	button, LED, light sensor, accelerometer, ambi temperature
simplePack Plus 3.0 WiFi tracker	Basic plus WiFi plus light sensors
simplePack Plus 3.0 WiFi trolley tracker	WiFi tracker plus fixture
simplePack Plus 3.0 Door sensor	Basic plus magnetometer
simplePack Plus 3.0 Temperature	Basic plus precise temperature
simplePack Plus 3.0 Full	Basic plus buzzer, WiFi, magnetometer, reed and light sensors

Technical data

Dimensions: 81 x 29,5 x 12 mm

Weight: 30g

- Temperature range: -20°C to +60°C
- Waterproof through ultrasonic welding and no openings - IP68 certified
- Battery type and capacity: Primary LiMnO2 (non rechargeable, non replaceable) 1500 mAh
- Longevity in guard mode: 10 years
- Minimum number of messages: 30 000
- Open and documented API - over 50 functions and parameters remotely configurable by integrator
- Distinguish long press / short click / double click
- Set up vibration sensitivity threshold level

Brought to you by **Simple Hardware** and proudly produced in the Czech Republic

No SW platform included. We provide only a demo platform iofrog.com to showcase the possibilities plus instructions how to integrate into common platforms.

No connectivity included. Please contact your local Sigfox operator for the Sigfox network access.
